

Today: Writing exercise.

Next class: mini-presentations.

1. List the members of your group below. Underline your name.
2. Provide a tree-structured outline of your report's introduction section. Annotate each tree node with a short name. Briefly explain the purpose of each node. Note the approximate length of the text of each node. Expand the outline to the level of individual paragraphs. Provide the first and last sentences of each paragraph.

[additional space for answering the earlier question]
